

BEESTOVE

MODEL: MZ02

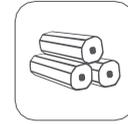

Heat Output
(Nominal - Minimum)

5 KW

Wood Fuel Type

Briquette Fuel Type

Product Weight

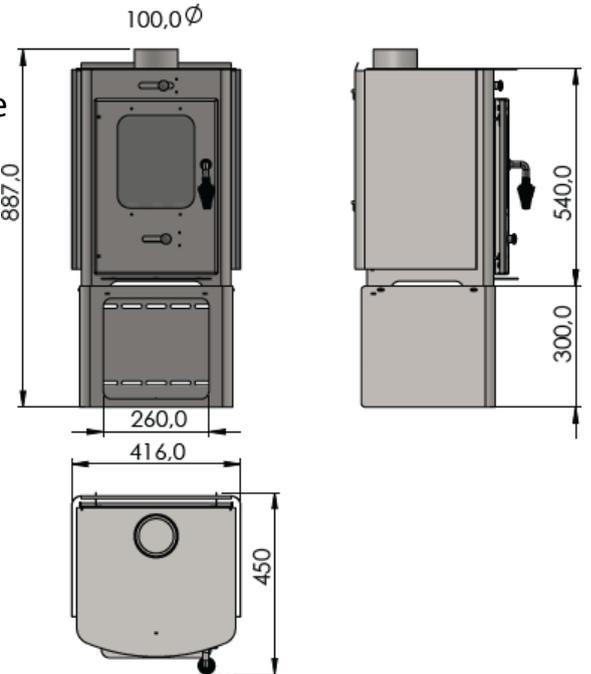

73,7

Chimney Diameter

100mm

PRODUCT FEATURES: The stove has a capacity of 5 kW and is the ideal size for small houses. Inside the combustion chamber is completely covered with fire brick. The approach distance to the wall is reduced due to the heat shield on the side and back. There is a wood drying section under the stove. A specially designed spring has been added to keep the handle part constantly cold, and it allows the user to hold the stove very easily while it is burning. The stove is covered with a high temperature resistant, smokeless black German Senotherm paint..
